What makes your Even membership amazing

Managed care: 24x7 personalised healthcare

In sickness and in health! Even doctors create your unique health profile and design specialised programs to improve your health and reduce the chances of hospitalisation.

Cover for OPD: ₹10 lakh a year

Every hypochondriac's dream come true! Get unlimited consultations with Even doctors and free Even-approved lab tests and consultations at recommended facilities and doctor's practices.

Covid-19 care: Yes

Our doctors will be by your side every step of the way. You get unlimited consultations and free RT-PCR tests.

Claims Process: Cashless

Using an Even service comes with cashless benefits. Call us when you need consultations and tests. We will recommend facilities where you can use cashless services as per our insurer's T&Cs.

Waiting period: No

Good things come to those who can't wait. Your Even membership starts from Day 1.

Co-pay: ₹0

Co-pay? No way. You've done your bit by paying us the subscription, we'll hold our end of the bargain.

Deductible: None

The only thing we deduct from your life is stress.

What your Even OPD plan covers

We have partnered with our insurance partner to offer you an OPD plan that takes care of all your small and big routine medical expenses.

What's Included?	What does that even mean?
Managed care	Even doctors create your unique health profile and design specialised programs to manage your health risks and wellness goals with in-house specialists.
Personal Even care team	You get a dedicated team of Even doctors, specialists and support to help you with consultations, emergencies, and membership questions. Text them on your private chat any time you need anything.
Teleconsultations	Get the best of healthcare from the comfort of your couch. You get unlimited teleconsultations from our in-house doctors.
Doctor consultations	“If there's something weird. And it don't look good. Who you gonna call? Even doctors!” We got you covered when you just want to talk to a doctor and don't need hospitalisation. Talk to our team of qualified and experienced in-house doctors when you're feeling unwell. Consultations with Even-recommended specialists all over India are also covered. We just ask that you speak to us first.
Diagnostics	Getting better begins with getting to the root of the problem. You can get any Even-approved lab test (X-ray, blood tests, MRI, etc.) at a medical facility recommended by your Even Care team. If the tests can be done at home, we will arrange for a lab partner to visit you.
Covid-19 care	We've got your back through challenging times. You get free teleconsultations from our in-house doctors, RT-PCR tests, any Even-approved tests to treat your condition. One caveat though, we do not cover RT-PCR tests for travel.

What your Even OPD plan covers

What's Included?

Health check-up

What does that even mean?

Your health is our top priority, and you never have to worry that we will underplay this.

We cover non-elective annual checkups and screenings at Even-approved facilities. These can be done each year as soon as you renew your membership.

These must be prescribed by our in-house Even doctors as per our internal clinical protocols.

Mental health

Your mind matters. You have unlimited sessions with our in-house clinical psychologists.

Physiotherapy

You have unlimited e-physiotherapy sessions with Even and 12 in-person sessions/year with Even or any external specialist of your choice.

Your condition will be reviewed after five sessions and physiotherapy will stop if satisfactory ADL is achieved.

Sexually transmitted infections & diseases

We will cover all consultations and tests for any STI and STD.

What your Even OPD plan does not cover

These are exclusions for Even OPD. Please check with your HR for your team's insurance policy to learn more about your hospitalisation benefits.

What's Excluded?

What does that even mean?

Hospitalisation

Checking into a hospital and any overnight hospitalisations are not covered.

Day-care procedures

These are procedures that do not need you to stay at the hospital overnight because of technological advancement.

Please view the insurer's T&Cs for more details.

Accidents & emergencies

Emergency means a serious medical condition or symptom resulting from injury or sickness which arises suddenly and requires immediate care and treatment to avoid jeopardy to the life or serious damage to the health of a Person. The emergency continues until the condition of the Person stabilizes and the continuing medical condition or symptoms are not considered an Emergency anymore.

With this plan, you won't have a cover in case of accidents and emergencies. We also cannot send an ambulance your way.

Ambulance

With this plan, any ambulance use and charges will not be covered.

Maternity care

We cover all consultations.

Any tests, medical treatment or any expenses related to pregnancy, ante-natal/post-natal checkups, childbirth or its complications or any expenses towards lawful termination of pregnancy, are not covered.

Exception: Ectopic pregnancy is covered.

Dental procedures

We cover consultations only with a general dentist.

Any diagnostics or treatment related to teeth or structures supporting teeth, including examinations, cleanings, implants, fillings (where appropriate), crowns, extractions and surgery are not covered.

Exception: Dental X-rays are covered.

What your Even OPD plan does not cover

What's Excluded?

What does that even mean?

Eyewear and surgeries

We cover eye examinations and diagnostics.

However, eyewear (contact lenses/spectacles/sunglasses) or any surgeries or procedures that correct eyesight are not covered unless specified in the insurer's T&Cs.

Medications & consumables

Pharmacy purchases (drugs, consumables etc) are not covered.

Vaccination

Vaccinations of any kind for any age group are not covered.

Cosmetic treatments & plastic surgeries

These are surgeries and treatments that change, restore, or enhance physical appearance.

These surgeries or procedures or any related expenses made before or after these surgeries or procedures are not covered.

Prosthetic & devices

Prosthetics, unless implanted internally via surgery, are not covered. Examples include a walking aid, hearing aid, spectacles etc.

Sexual disorders, erectile dysfunction, sterility, fertility & IVF

Consultations, diagnostics, or treatment of sexual disorder including impotence (irrespective of the cause) and anything related to sterility, fertility or sterilisation is not covered.

Sleep disorders and sleep problems

Any treatment directly or indirectly related to sleep disorders and sleep problems, such as snoring, insomnia or sleep apnoea will not be covered.

Any devices bought for such disorders will not be covered.

Hazardous or adventure sports

Treatment for injuries arising from adventure sports as a professional will not be covered.

Ayush treatment

Treatments or hospitalisation administered under Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homeopathy systems are not covered.

What your Even OPD plan does not cover

What's Excluded?

Unproven or experimental treatment

What does that even mean?

These are surgeries and treatments that change, restore, or enhance physical appearance.

These surgeries or procedures or any related expenses made before or after these surgeries or procedures are not covered.

Genetic testing

Tests performed to identify variations in genes that can cause or increase the risk of a genetic disorder, or tests to establish ancestry/parenthood are not covered.

Occupational therapy

This kind of therapy is required for patients with either traumatic injury and illnesses or birth defects to help them perform daily activities such as eating, bathing, using the bathroom, etc. This therapy is not covered.

Congenital diseases
(Internal & External)

Medical conditions that are present at or before birth are not covered. These conditions are sometimes clearly visible (external), and other times, not easily visible (internal).

Some examples of congenital ailments include Atrial Septal defect, Haemophilia, Cerebral Palsy, Cleft lip etc.

Pre-anaesthesia checkup
(PAC)

Clinical assessment done before the delivery of anaesthesia for surgical and nonsurgical procedures will not be covered.

How do I use Even?

For consultations and lab tests (OPD)

Step 1

Book a consultation with us

Book a quick video consultation with our in-house doctors on the Even app, by calling our support number or texting your Even Care team. Our doctors will understand your symptoms & recommend the best course of treatment.

Step 2

We unlock the payment scanner

If the Even doctors recommend a second opinion or a test, we will unlock the Even payment scanner for you to use at the recommended facility. Wherever possible, we will arrange a home sample collection for you.

Step 3

We pay your bill

Use the Even payment scanner to scan the UPI code at the facility. Enter the amount and we'll pay for it then and there! If for some reason payments do not go through, we will reimburse you via the app.

Step 4

Share your docs

Upload bills, doctor notes, prescriptions, etc on the Even app to reactivate it for the next use.

Small emergencies?

Please click the phone button on the app to contact us directly for immediate care for cases such as a broken arm, foot etc.
